

To whom it may concern:

I live in a small town in Georgia and I received XM radio for a Birthday gift. One of the best gifts I have ever received. The fact I can travel to different areas and get the traffic and weather for the area without having to search is a great benefit to having XM. I also never lose my signal when I get out of the stations signal because it is satellite radio.

I love my XM and I pay for the service so I hope you will consider this and do the proper thing.

Thank you,
Scott H. Gray
